

DRAW IT!

ALL AGES

1. Draw your favourite musician!
2. What is different about each of the musicians and the way that they play their instruments? Can you try and show this in your drawing?
3. Draw how the music sounds to you ...So does it move in a smooth line or is it bumpy? What does it make you think of? Is it loud or soft? Happy, sad, angry? What shapes do you see in the written score along the bottom of the screen and how can you hear this in the music?
4. Can you show in your drawing how each of the parts fit together? Which part do you think is more important?
5. Ask your friend/mum/dad to stand next to one of the musicians and pretend to play - draw them both and tell them how he could move or stand more like the ACO musician.
