

Message for Photographers

We would like you to enjoy your visit to the Ipswich Art Gallery and we are happy for you to take photographs or videos as a souvenir of your visit. However we do impose the following restrictions:

No flash photography near artworks.

Flash and harsh video lights can damage artworks so help us preserve them for the future by turning off your camera's flash. An exception is made for authorised photographers or media representatives under staff supervision.

No photography of artworks.

Artworks are copyright and permission from the copyright owner is required before we can allow artworks to be copied unless the copies are for the purpose of study or review for writers, teachers and students (as defined under the Copyright Act).

If you would like a reproduction of an artwork, check out the range of postcards and prints in our shop. Alternatively you can also apply to the gallery for a reproduction of an artwork held in the City of Ipswich Collection, however copyright clearance will still be required.

No photography of other patrons.

As a courtesy, you should avoid photographing or filming other Gallery patrons without their permission. Remember, other patrons have a right to enjoy their visit in privacy.

Media are requested to make prior appointments.

We request that where possible, all media make a prior appointment (phone 3810 7222). This allows us to prepare for your visit, to have background material ready for your story and to advise on sensitive copyright and moral right restrictions. We are able to provide reproduction quality images for promotional purposes.

We'd love to have a copy!

We enjoy sharing fun visits with our guests. If you have photos or footage from your great visit here, we'd love to have a copy. You can drop it in to us, email a copy to info@ipswichartgallery.qld.gov.au, or post it to Ipswich Art Gallery, PO Box 191, Ipswich Qld 4305 with your contact details. With your permission, you may be on show in one of our publications!
